

REBREATHER TEASER PROGRAM

A taste of the quiet world of diving

INTRODUCTION

The Rebreather Teaser program offers you to dive with **Hollis PRISM2** technical closed-circuit rebreather (CCR) in controlled conditions with a Rebreather Instructor. You'll discover how quiet

diving can be without bubbles and quickly learn how different buoyancy control is. **A Rebreather Teaser Program is an ideal opportunity to give rebreathers a try before you sign up for a full course.** Or, if you're already a rebreather diver on a different unit, you can participate in the program to try Hollis PRISM2 rebreather.

REQUIREMENT

You need to be a rating from another recognized diving organization, at PADI Open Water Diver or equivalent least 18 years old and have a minimum of 15 logged dives to sign up for this Rebreather Teaser Program.

ABOUT THE REBREATHER TEASER PROGRAM

This program encompasses one dive in a pool or confined water normally between 1-3 meters, and if you love it the way we think you will, you can opt for an additional dive no deeper than 5 meters. We will start the program with you

by a knowledge development session or briefing during which you will gain knowledge about among other things:

- * What are the main differences between a rebreather and open-circuit scuba.
- * What are the two basic types of rebreathers, and how do they differ?
- * What are the main differences, advantages and disadvantages between rebreathers and open scuba.

This program is not a certification course and will not render a certification, but it will offer you an unforgettable experience and a lot of fun

EQUIPMENT AND REBREATHER TO DIVE WITH

We will provide you with a state-of-the-art **Hollis PRISM2 rebreather** with front mounted counter lungs and all other necessary equipment needed.

PRICES

175 Euro for one dive 45-60 min + theory. **Optional second dive – the same day;** Euro 85. One additional dive any other day 175 Euro or Euro 150 for two dives the same day. The above includes use of a Hollis PRISM2 rebreather, scrubber etc. Logistics and instructor cost for boat dives or going to Gozo, if applicable, **is not** included.
